Seven-Passenger Touring Roadster

Here Lives the True Spirit of Motoring America

Never before a car with so many purely American ideas.

Disappearing top and concealed spare wheels and tires made the Pathfinder Twelve, Touring Roadster the most talked of car in America.

Now, another utility feature is the clever seating arrangement of the latest model Pathfinder Touring Roadster.

By a series of conveniently placed auxiliary seats this model instantly becomes available for **four, five, six** or **seven** passengers. This again, is something entirely new—an exclusive Pathfinder innovation.

Greater beauty and grace are thus achieved in a car that for performance "en tour" stands far in the forefront of the world's best automobiles.

Distinction, convenience, speed, comfort, safety, power and flexibility are combined in the Pathfinder Twelve, to an extent hitherto deemed impossible in motor car building.

Those fortunate ones who possessing intuitive good taste are further blessed with the means for its gratification, have been captivated by the exclusiveness of the Pathfinder.

You, too, will wish to possess one of these wonder-cars.
